Accessibility Statement for landmarkglobal.com

Accessibility Statement for landmarkglobal.com

Landmark Global is committed to digital accessibility for people with disabilities. We are continuously working to improve the user experience for everyone and to comply with relevant accessibility standards.

Compliance Status

As of June 13, 2025, **landmarkglobal.com is partially compliant** with WCAG 2.2 Level AA. Of the 56 applicable success criteria, 45 have been met.

Non-Accessible Content

The following issues were found on key pages of the website:

Perceivable:

- Images, logos, and media missing descriptive text (SC 1.1.1)

- Semantic relationships (e.g. form labels, headers) not conveyed to assistive tech (SC 1.3.1)

- Insufficient text and UI contrast (SC 1.4.3, 1.4.11)

Operable:

- No keyboard-accessible method to skip repetitive navigation (SC 2.4.1)

- Navigation and dropdowns inaccessible via keyboard due to incorrect ARIA usage (SC 2.1.1)

- Links without descriptive purpose or visible text (SC 2.4.4)

- Interactive components lack visible focus indicators (SC 2.4.7)

- ARIA labels don't match visible labels (SC 2.5.3)

Understandable:

- Incorrect language attributes on multilingual content (e.g., `zh_cn` instead of `zh-cn`) (SC 3.1.1)

Robust:

- Incomplete or incorrect use of ARIA roles and attributes for form elements and interactive components (SC 4.1.2)

Global Patterns Identified

- Navigation cannot be interpreted by screen readers (ARIA `aria-hidden="true"`)

- No "skip to content" mechanism

- Labels in CKEditor forms are misleading (e.g., "[Navigate to toolbar]")

- Missing or incorrect ARIA attributes in interactive elements

- Too low contrast in some UI elements (e.g., tabs, pager, headings, captions)

Evaluated Pages

The audit covered 10 representative and critical pages across the site:

1. Homepage: [link](#)

2. Business Inquiry: [link](#)

3. Solution Detail: [link](#)

4. Destinations Overview: [link](#)

5. Destination Detail: [link](#)

6. Partners Overview: [link](#)

7. Partner Detail: [link](#)

8. Blog Overview: [link](#)

9. Blog Detail: [link](#)

10. Content Page: [link](#)

Test Methodology

The evaluation followed the [WCAG Evaluation Methodology (WCAG-EM)](#) and included:

- Testing with screen readers, magnifiers, and keyboard-only navigation

- Checks across modern browsers and operating systems

- Validation of mobile responsiveness and accessibility for non-native speakers

Contact and Feedback

Your feedback is essential to improving accessibility. If you experience any issues, please contact us by email: clientservicesEU@landmarkglobal.com.

If you need any information from this site in an alternative format (accessible PDF, large print, audio, etc.), please let us know. We will respond as soon as possible.
